International Border Crossing	$0.00	A surface transportation project within the boundaries or functionally connected to an international border crossing that improves a facility owned by fed/state/local government and increases throughput efficiency: $
Marine Highway Corridor connected to the National Highway Freight Network	$0.00	A project for a marine highway corridor that is functionally connected to the NHFN and is likely to reduce road mobile source emissions: $
National Multimodal Freight Network	$5,000,000.00	A highway, bridge, or freight project on the National Multimodal Freight Network: $
Commercial Motor Vehicle Parking	$10,000,000.00	A projects to provide public parking for commercial motor vehicles that are within reasonable access to or in the right of way of an Interstate highway, the National Highway System, or the National Highway Freight Network: $
Project Location		
State(s)	State or Territory: Albany, GA	Which state(s) in which project is located?
INFRA: Small or Large project	Large	*See NOFO Section C.3*
Urban Area	Downtown Albany Core, North Slappey Commercial Corridor,	Urban Area in which project is located, if applicable
Population of Urban Area (auto-populated)	-	Population of Urban Area according to 2020 Census- See tab "List of Urban Areas". *(For the INFRA 2026 program the definition of "urban" is an urban area with a population greater than 200,000. "Rural" is defined as any other area, including areas outside of Census-designated urban areas, and Census-designated urban areas with populations below 200,000.)*
Project Location Zip Code	31707	**Identify the 5-digit zip code of the project location.** If the project is located in more than one zip codes, please identify the zip code in which the majority of the project is located. If the project is in a territory that does not have zip codes, leave this field blank. *This field is for the project location zip code, NOT the applicant organization zip code.*
Project Location County	Dougherty County	**Identify the county** where the project is located in using the drop-down. If the project is located in more than one county, please identify the county in which the majority of the project is located. If the project is in a territory that does not have county designations, leave this field blank.
Additional Project Counties	Worth County, Lee County (required to account for the multimodal corridor extensions into Sylvester and neighboring Leesburg commercial zones)	**Identify additional counties separated by a comma**. For instance, if the project additionally runs through Polk County and Butler County, please enter 'Polk County, Butler County' in the cell. If the project is in a territory that does not have county designations, leave this field blank.
Project Location Census Tract	0002.00 (the core Central economic census Hub anchoring the downtown multimodal Flint River terminal point)	**Identify the census tract number of the project.** For example, if the most central tract is Census Tract 93.30, please enter '93.30' into the cell. The last zero may be missing from your response (e.g., 93.30 may display as 93.3). If the project is located in more than one census tract please identify the census tract in which the majority of the project is located. If the project is in a territory that does not have census tract designations, leave this field blank. Please visit USDOT's RAISE webpage (https://www.transportation.gov/RAISEgrants/raise-app-hdc) to review a full list of census tracts by state and county to identify.
Other Project Census Tracts	0001.00, 0003.00, 0004.00, 0103.02, 0104.03,	**Identify other census tracts in which the project is located, separated by a comma**. For example, if the project is located in Census Tract 93.31, Census Tract 93.32, and Census Tract 94.03, please enter '93.31, 93.32, 94.03' into the cell. If the project is in a territory that does not have census tract designations, leave this field blank.
Project Location Latitude	31.57850	**Provide the project's latitude coordinates.** For projects that are not located at a single set of coordinates, please provide a centralized set of coordinates. Tools such as Google Maps, Google Earth (https://earth.google.com/web) or ArcGIS/QGIS (https://www.arcgis.com/) are recommended to identify the project's coordinates.
Project Location Longitude	-84.15570	**Please provide the project's longitude coordinates.** For projects that are not located at a single set of coordinates, please provide a centralized set of coordinates. Tools such as Google Maps, Google Earth (https://earth.google.com/web), or ArcGIS/QGIS (https://www.arcgis.com/) are recommended to identify the project's coordinates.
