SOWEGA ASIAN PACIFIC CHAMBER OF COMMERCE & FOUNDATION

Strategic Foundation & Corporate Sponsorship Prospectus | Hub-and-Spoke Regional Model

---

PART 1: MISSION STATEMENT & CORE OBJECTIVES

Mission Statement:

The Southwest Georgia (SOWEGA) Asian Pacific Chamber of Commerce and Foundation exists to champion, cultivate, and scale economic prosperity for Asian-American, Pacific Islander (AAPI), and diverse business enterprises across the 14-county Southwest Georgia region. By leveraging a high-utility corporate hub-and-spoke model anchored in primary metropolitan infrastructure, the Chamber bridges international trade, minority supplier networks, and rural development corridors to maximize regional wealth creation.

Core Objectives (Article II of Bylaws):

- **Tier-1 Supply Chain Integration:** Establish structural procurement pipelines directly linking minority-owned business enterprises (MBEs) to regional multi-billion-dollar high-tech, aerospace, and advanced manufacturing initiatives.
- **Rural Capital & Infrastructure Activation:** Utilize the Chamber's 501(c)(3) Foundation arm to deploy targeted grants, technology access, and workforce development to rural satellite spokes such as Fort Gaines and surrounding communities.
- **Global Trade & Investment Conduit:** Serve as the definitive regional entry point for international trade delegations, foreign direct investment (FDI), and cross-border logistics networks seeking positioning in South and Central Georgia.
- **Independent Regional Advocacy:** Maintain a completely autonomous, private sector-led advocacy framework operating outside localized municipal restrictions, ensuring a frictionless business environment across county lines.

PART 2: CHOOSE COLUMBUS CORPORATE SPONSORSHIP PITCH

Executive Value Proposition for Missy Kendrick & Leadership Team:

As Choose Columbus secures generational, multi-billion-dollar infrastructure triumphs like **Project Ruby** and advanced manufacturing expansions, incoming corporate giants face strict federal, state, and institutional **supplier diversity mandates**. The SOWEGA Asian Pacific Chamber serves as your readymade, regional compliance and acceleration partner.

Instead of letting these high-tech tenants search outside the corridor or state for diverse engineering, technical logistics, and advanced material suppliers, our Chamber centralizes a highly vetted network of AAPI and minority firms right here. This anchors their supply chains locally, keeping more capital circulating inside the regional economy while maximizing your project deployment velocity.

Sponsorship Tier Structure & Deliverables:

Tier & Investment	Strategic Corporate Deliverables	Regional Impact Allocation
Founding Anchor Partner $50,000 / Annually	• Permanent seat on Executive Advisory Board • Exclusive co-branding on major tech procurement forums • Direct matching with incoming multi-billion-dollar tenants	60% Hub Scaling 40% Rural Spokes Grants
Regional Pipeline Sponsor $25,000 / Annually	• Priority placement in the Supplier Diversity Directory • Sponsorship of quarterly B2B Matchmaking Summits • Direct talent pipelines to regional university networks	70% Hub Scaling 30% Rural Spokes Grants
Spoke Development Patron $10,000 / Annually	• Title sponsorship of rural outreach initiatives • Access to regional market intelligence reports • Recognition across all 14 SOWEGA county chapters	50% Hub Scaling 50% Rural Foundation Fund

The Strategic Path Forward: By securing Choose Columbus as our primary Founding Anchor Partner, we instantly shift the center of gravity for South Georgia development. This model creates a powerhouse coalition where Columbus acts as the high-capital engine, our Chamber operates as the diverse talent and procurement network, and rural communities like Fort Gaines serve as the crucial logistics and satellite spokes.
